

PALLAVI SHAHAJI JADHAV

Java Developer | Backend Developer | Software Developer

9284459267 | pallavijadhav5204@gmail.com | linkedin.com/in/pallavijadhav52 | github.com/Pallavii52 | Pune, India

PROFESSIONAL SUMMARY

Backend-focused Java Developer with hands-on experience building REST APIs using Spring Boot and Hibernate. Skilled in scalable backend systems, MySQL/PostgreSQL integration, and full-stack development with React.js. Strong in OOP, DSA, microservices architecture, and RESTful API design.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript
- **Backend Technologies:** Spring Framework, Spring Boot, Spring MVC, Hibernate, JPA, REST APIs, Microservices
- **Frontend Technologies:** React.js, HTML5, CSS3
- **Databases:** MySQL, PostgreSQL
- **Tools & Technologies:** Git, Postman, REST API Testing
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), CRUD Operations
- **Soft Skills:** Problem-Solving, Debugging, Cross-Functional Collaboration, Communication

PROFESSIONAL EXPERIENCE

Java Developer Intern — Cravita Technology

Jan 2026 – Jul 2026

Pune, India

- Designed and developed scalable REST APIs using Spring Boot to power backend services for production web applications.
- Integrated MySQL and PostgreSQL databases, implementing optimized queries and full CRUD operations for data management.
- Assisted in building and testing full-stack web applications, contributing to both backend logic and React.js frontend integration.
- Utilized Postman for API endpoint testing and collaborated in an agile team on feature development, peer code reviews, and bug resolution.

PROJECTS

InstiFind – IT Training Institute Discovery Platform

Tech Stack: Java, Spring Boot, Hibernate, JPA, PostgreSQL, React.js

- Designed and developed a centralized web platform enabling students to search, filter, and compare IT training institutes based on courses, fees, location, and placement records.
- Built RESTful APIs using Spring Boot with Hibernate/JPA to manage institute listings, course catalogs, and student enquiry data backed by a PostgreSQL database.
- Developed an admin module for managing institute records, student enquiries, and counsellor assignments, plus lead-tracking and analytics for source-wise and course-wise demand.

AUTOREPLY – Automated Email Reply Generator

Tech Stack: Java, Spring Boot, React.js, REST APIs, External AI Service

- Architected a backend system using Spring Boot that exposes REST APIs to receive email content and return AI-generated reply suggestions.
- Built a responsive React.js frontend allowing users to input email content, view generated replies, and copy responses with a single click.
- Integrated a third-party AI service API for real-time replies, with error handling, input validation, and thorough Postman-based API testing.

EDUCATION

Bachelor of Computer Science (BCS) — P.E.S. Modern College, Savitribai Phule Pune University

Sep 2022 – Mar 2025

CGPA: 8.49 / 10

CERTIFICATIONS & ACHIEVEMENTS

- Web Development Bootcamp (2025) – Completed comprehensive full-stack Web Development Bootcamp by Dr. Angela Yu covering HTML, CSS, JavaScript, React.js, and backend technologies.
